Limited Warranty

Your Bose headset is covered by a limited warranty. Details of the limited warranty are provided on the product registration card that is included in the carton. Please refer to the card for instructions on how to register. Failure to register will not affect your limited warranty rights.

What you must do to obtain Limited Warranty Service:

Return product, with proof of purchase from an authorized Bose dealer, using the following procedures:

1. Contact the Bose organization in your country/region (visit Global.Bose.com/register for Bose contact information in your country/region) for specific return and shipping instructions;
2. Label and ship the product, freight prepaid, to the address provided by the Bose organization in your country; and
3. Place any necessary return authorization number prominently on the outside of the carton. Cartons not bearing a return authorization number, where required, will be refused.

Note: *The serial number is located inside the right earcup.*

Safety Information

Please take the time to follow the instructions in this owner's guide carefully. It will help you set up and operate your product properly and enjoy its advanced features. Please save this owner's guide for future reference.

CAUTIONS

- *Long-term exposure to loud music may cause hearing damage. Please avoid extreme volume when using headphones, especially for extended periods.*
- *Do not use headphones when operating a motor vehicle or anywhere the inability to hear outside sounds may present a danger to you or others.*
- *Sounds that you rely on as reminders or warnings may have an unfamiliar character when using headphones. Be aware of how these sounds may vary in character so you can recognize them as needed.*
- *Do not drop, sit on or allow the headphones to be immersed in water.*

WARNING: *DO NOT use mobile phone adapters to connect headphones to airplane seat jacks as this could result in personal injury such as burns or property damage due to overheating. Remove and disconnect immediately if you experience warming sensation or loss of audio.*

Introduction

Thank you for purchasing the Bose AE2 audio headphones. With the improved performance of Bose AE2 audio headphones, you can immerse yourself in your music and enjoy an around ear fit that stays comfortable for hours.

Components

Wearing the headphones

Put on the headphones using the markings which identify the left (L) and right (R) earcups. Adjust the headband so it rests gently on top of your head and the earcup cushions fit comfortably around your ears.

Connecting to an audio device

Ensure the smaller 2.5 mm plug is securely inserted into the left earcup. Plug the other end of the cable securely into the audio output jack of the selected audio device, such as an MP3 player, computer, or home stereo. (With some home stereo equipment, a separate 1/4 inch (6.3 mm) adapter may be needed.)

Folding Earcups

The Bose AE2 audio headphones feature rotating earcups that fold flat for easy, convenient storage.

CAUTION: *The earcups rotate in only one direction. Incorrectly rotating the earcups can damage the headphones.*

Cleaning the headphones

The Bose AE2 audio headphones do not require scheduled cleaning. Should cleaning be necessary, simply wipe the outside surfaces with a soft cloth. Be sure the earcup ports are kept clear, and that no moisture is allowed to get inside the earcup.

Replacement parts and accessories

Accessories or replacement parts can be ordered through Bose Customer Service. See the contact information for your area included in this guide.

Part	Product Code
Carry bag:	329585-0010
Replacement cushions:	329586-0010
Replacement cable:	329583-0010

Reattaching earcup cushions

The earcup cushions are held in place by a mounting flange which snaps under 8 small tabs located around the inside rim of each earcup. If an earcup cushion becomes partially or completely detached, push the mounting flange of the earcup cushion back into the earcup. Using your finger or thumb, press around the edge of the mounting flange, making sure it snaps in place all the way around the earcup.

Troubleshooting

Problem	What to do
No audio or audio in one earcup only	<ul style="list-style-type: none"> • Ensure both ends of the audio cable are firmly seated. • Try a different audio device
Distorted bass	<ul style="list-style-type: none"> • Ensure both ear cushions are firmly secured.
Mis-shaped cushion	<ul style="list-style-type: none"> • The high-density earcup foam will regain its shape after a few minutes in a neutral position.

If any problem persists, contact Customer Service. See the phone number for your area included in this guide.
