CEOL by Denon. *The Freedom of Sound.*

Another first: CEOL. The Network Music System.

It's about time to change the way you enjoy your music. To break the chains of yesterday. It's time to welcome the CEOL. Denon's first ever compact Network Music System.

When we set out to create this new Denon masterpiece, the task to our engineers and designers was as simple as demanding: build a stylish yet elegant system, that allows to enjoy a huge diversity of media – and turn them into high quality Denon sound. This journey leads us to the shores of the CEOL by Denon.

So turn on possibilities. And turn off restrictions.
Discover the Freedom of Sound: **CEOL**.

Play it with AirPlay. Stream directly from iTunes.

Revolution meets innovation: with the optionally available **AirPlay function** you effortlessly stream your iTunes music directly from iPhone, iPad, iPod touch, laptop or PC to your CEOL – including song title, artist and album information. And including the guarantee to enjoy it in Original Denon Sound.

This amazing function can be used from any room at your home. To enhance your CEOL with the AirPlay function, simply visit www.denon.eu/airplay/

Play what you want to play.

Shouldn't it be up to you to choose a media source? Why bother with burning, copying, or adjusting? The CEOL gives you the freedom to connect almost every source to a system, that excels the standards of sound quality.

Feel free to feed the CEOL via

- ① **iPhone & iPod with built-in dock.** Made for each other: easy access, full functionality, digital transfer
- ② **USB** Connect anything: the USB dock opens more possibilities.
- ③ **CD** Play CDs, CD-Rs, CD-RWs, MP3-CDs, WMA and more.
- ④ **Radio** Classic tuner to enjoy FM/AM radio
- ⑤ **Internet Radio** access to more than 15,000 stations worldwide.
- ⑥ **PC** transfer the music files on your PC into full Denon sound.
- ⑦ **Network Attached Storage** Play music files directly from DLNA Network hard disks
- ⑧ **WiFi** Leave the cable, keep the music: wireless usability integrated
- ⑨ **AirPlay** wireless music streaming (requires software upgrade, a fee is charged)

Input: No limits.

Output: Original Denon Sound.

No limits, no rules.
FREE YOUR MEDIA!

POWERFUL
SOUND!

POWERFUL
SOUND!

Small is powerful. *And beautiful.*

High-quality performance? Or small and sleek design? Now you're free to choose both: the CEOL unites the technology of Denon's high-end components in the smallest possible space.

Hidden inside the sleek and stylish body, an impressive amplifier awaits to deliver its 2 x 65 Watts amplifier output. The signals are fully digital processed via the latest original Denon technologies, leading to a crystal clear and powerful sound. And the impressive loudspeakers will wow your ears beautifully.

All this is packed into a design that suits your every room. With distinguished, soft shapes glazing in perfect harmony.

Free your ears.
FREE YOUR EYES!

The Freedom of Simplicity.

No matter how much high-end technology hides behind the CEOLs surface: We believe that technology is there to serve you.

That's why we took special care of providing a user experience of the most comfortable kind. The solution: less buttons, more functionality. A Smart Remote Control and an advanced OLED display for brilliant navigation.

Last but not least you can control your CEOL by means of a fast and easy to use App. With the Denon Remote App, it's all in your hands. No matter if you are using an iPhone or an iPod. With this interface you have access to numerous functions of your CEOL.

So take it easy. And experience the freedom of simplicity.

Easy as 1, 2, 3:
FREE YOUR MIND!

You want it all. Go get it all.

We invite you to join us on this journey towards more possibilities and less restrictions. And to take the next step into the future of enjoying the pleasures of audio.

For more information about the Denon CEOL please ask your local dealer or visit our website www.ceolbydenon.eu

- Party Mode Plus

High-quality sound

- Integrates Denon hi-fi component sound engineering into compact size.
- "Simple & straight" circuit design and minimum signal path, to optimise performance in sound quality
- 65 W + 65 W, high power output (4 ohms, 1 kHz, T.H.D. 0.7%)

Easy of use

- 3 line OLED with high contrast and wide view
- Support for Wi-Fi Protected Setup (WPS), easy to connect to wireless LAN
- Remote-App for iPod Touch/iPhone/iPad available at App Store
- Simple remote control
- Plug' n Play
- First time Network installation wizard

SC-N7 Speaker system

- 2way speaker system
- 12 cm bass-mid driver and 2.5 cm balance dome tweeter

*This feature is not available in all countries.

iPhone/iPod touch and iPad are not included in delivery.

RCD-N7

Rated output power	65 W + 65 W (4 ohms, 1 kHz, T.H.D. 0.7%)
FM section – Frequency range	87.50 MHz – 108.00 MHz
AM section – Frequency range	522 kHz – 1611 kHz
Power supply	230 V, 50 Hz
Dimensions (W x H x D)	280 x 105 x 308 mm
Weight	4.2 kg

SC-N7

Type	2way 2speakers, Reflex box
Drivers	12 cm cone bass-mid range x 1 2.5 cm balanced dome high range x 1
Impedance	6 ohms
Dimensions (W x H x D)	145 x 233 x 236 mm
Weight	2.3 kg/unit
