Getting Started

Thank you for purchasing this DENON product. To ensure proper operation, please read this owner's manual carefully before using the product.

After reading them, be sure to keep them for future reference.

Accessories

Check that the following parts are supplied with the product.

- ① Pin-plug cable (Cable length: Approx. 0.6 m)..... 1
- ② System cable (Cable length: Approx. 0.5 m)..... 1
- ③ Owner's manual 1
- ④ Service station list 1

[About the remote control unit]

No remote control unit is included with the DCD-F107.

When the DCD-F107 and DRA-F107 AM-FM stereo receiver (sold separately) are connected using the system cable included with the DCD-F107 (system connections), the DCD-F107 can be controlled using the remote control unit included with the DRA-F107.

- This owner's manual includes descriptions of operations using the remote control unit included with the DRA-F107.
- For details about the remote control unit, see the DRA-F107's owner's manual.

Cautions on Handling

- **Before turning the power switch on**
Check once again that all connections are correct and that there are no problems with the connection cables.
- Power is supplied to some of the circuitry even when the unit is set to the standby mode. When traveling or leaving home for long periods of time, be sure to unplug the power cord from the power outlet.
- **Sufficiently ventilate the place of installation**
If the unit is left in a room full of the smoke from cigarettes, etc., for long periods of time, the surface of the optical pickup could get dirty, in which case it will not be able to read the signals properly.
- **About condensation**
If there is a major difference in temperature between the inside of the unit and the surroundings, condensation (dew) may form on the operating parts inside the unit, causing the unit not to operate properly.
If this happens, let the unit sit for an hour or two with the power turned off and wait until there is little difference in temperature before using the unit.
- **Cautions on using mobile phones**
Using a mobile phone near this unit may result in noise. If so, move the mobile phone away from this unit when it is in use.
- **Moving the unit**
Be sure to remove a disc, turn off the power and unplug the power cord from the power outlet.
Next, disconnect the connection cables to other system units before moving the unit.
- Note that the illustrations in these instructions may differ from the actual unit for explanation purposes.

About Discs

① Music CDs

Discs marked with the logotype below can be played in this unit.

② CD-R/CD-RW

- Some discs and some recording formats may not be playable.
- Non-finalized discs cannot be played.

※ What is finalization?

Finalization is the process that makes recorded CD-R/CD-RW discs playable on compatible players.

NOTE

Discs with special shapes (heart-shaped discs, octagonal discs, etc.) cannot be played. Do not attempt to play them, as doing so can damage the product.

Holding Discs

Do not touch the signal surface.

Loading Discs

- Set the disc with the labeled side facing up.
- Make sure the disc tray is fully open when inserting the disc.
- Place the discs flatly, 12 cm discs in the outer tray guide (Figure 1), 8 cm discs in the inner tray guide (Figure 2).

- Place 8 cm discs in the inner tray guide without using an adapter.

- "00:00" is displayed if a disc that cannot be played is loaded.
- "NO DISC" is displayed if the disc is loaded upside-down or if no disc is loaded.

- Do not use cracked or warped discs or discs that have been repaired with adhesive, etc.
- Do not use discs on which the sticky part of cellophane tape or labels is exposed or on which there are traces of where labels have been removed. Such discs can get caught inside the player and damage it.

Cautions on Handling

- Do not get fingerprints, oil or dirt on discs.
- Take special care not to scratch discs when removing them from their cases.
- Do not bend or heat discs.
- Do not enlarge the hole at the center.
- Do not write on the labeled (printed) surface with ball-point pens, pencils, etc., or stick new labels on discs.
