A vintage Harman-Kardon Citation V power amplifier. The device is a rectangular, light-colored metal chassis with a dark wood-grain top panel. Several vacuum tubes are visible, protruding from the top. The tubes vary in size and shape, with some having yellow labels. One prominent tube has a yellow label that reads "Westinghouse" and "ELECTRON". The front panel is engraved with the product name and description. The Harman-Kardon logo is located in the bottom right corner of the front panel.
