# ENGLISH

# WARRANTY

For warranty information, contact your local Marantz distributor.

# RETAIN YOUR PURCHASE RECEIPT

Your purchase receipt is your permanent record of a valuable purchase. It should be kept in a safe place to be referred to as necessary for insurance purposes or when corresponding with Marantz.

# IMPORTANT

When seeking warranty service, it is the responsibility of the consumer to establish proof and date of purchase. Your purchase receipt or invoice is adequate for such proof.

# FOR U.K. ONLY

This undertaking is in addition to a consumer's statutory rights and does not affect those rights in any way.

# FRANÇAIS

# GARANTIE

Pour des informations sur la garantie, contacter le distributeur local Marantz.

# CONSERVER L'ATTESTATION D'ACHAT

L'attestation d'achat est la preuve permanente d'un achat de valeur. La conserver en lieu sur pour s'y reporter aux fins d'obtention d'une couverture d'assurance ou dans le cadre de correspondances avec Marantz.

# IMPORTANT

Pour l'obtention d'un service couvert par la garantie, il incombe au client d'établir la preuve de l'achat et d'en corroborer la date. Le reçu ou la facture constituent des preuves suffisantes.

# DEUTSCH

# GARANTIE

Bei Garantiefragen wenden Sie sich bitte an Ihren Marantz-Händler.

# HEBEN SIE IHRE QUITTING GUT AUF

Die Quittung dient Ihnen als bleibende Unterlage für Ihren wertvollen Einkauf Das Aufbewahren der Quittung ist wichtig, da die darin enthaltenen Angaben für Versicherungswecke oder bei Korrespondenz mit Marantz angeführt werden müssen.

# WICHTIG!

Bei Garantiefragen muß der Kunde eine Kaufunterlage mit Kaufdatum vorlegen. Ihren Quittung oder Rechnung ist als Unterlage ausreichend.

# NEDERLANDS

# GARANTIE

Voor inlichtingen omtrent garantie dient u zich tot uw plaatselijke Marantz.

# UW KWITANTIE, KASSABON E.D. BEWAREN Uw kwitantie, kassabon e.d. vormen uw bewijs van

aankoop van een waardevol artikel en dienen op een veilige plaats bewaard te worden voor evt, verwijzing bijv, in verbend met verzekering of bij correspondentie met Marantz.

# BELANGRIJK

Bij een evt, beroep op de garantie is het de verantwoordelijkheid van de consument een gedateerd bewijs van aankoop te tonen. Uw kassabon of factuurzijn voldoende bewijs.

# ESPAÑOL

# GARANTIA

Para obtener información acerca de la garantia póngase en contacto con su distribuidor Marantz.

# **GUARDE SU RECIBO DE COMPRA**

Su recibo de compra es su prueba permanente de haber adquirido un aparato de valor, Este recibo deberá guardarlo en un lugar seguro y utilizarlo como referencia cuando tenga que hacer uso del seguro o se ponga en contacto con Marantz.

# IMPORTANTE

Cuando solicite el servicio otorgado por la garantia el usuario tiene la responsabilidad de demonstrar cuando efectuó la compra. En este caso, su recibo de compra será la prueba apropiada.

# ITALIANO

# GARANZIA

L'apparecchio è coperto da una garanzia di buon funzionamento della durata di un anno, o del periodo previsto dalla legge, a partire dalla data di acquisto comprovata da un documento attestante il nominativo del Rivenditore e la data di vendita. La garanzia sarà prestata con la sostituzione o la riparazione gratuita delle parti difettose.

Non sono coperti da garanzia difetti derivanti da uso improprio, errata installazione, manutenzione effettuata da personale non autorizzato o, comunque, da circostanze che non possano riferirsi a difetti di funzionamento dell'apparecchio. Sono inoltre esclusi dalla garanzia gli interventi inerenti l'installazione e l'allacciamento agli impianti di alimentazione. Gli apparecchi verranno riparati presso i nostri Centri di Assistenza Autorizzati. Le spese ed i rischi di trasporto sono a carico del cliente. La casa costruttrice declina ogni responsabilità per danni diretti o indiretti provocati dalla inosservanza delle prescrizioni di installazione, uso e manutenzione dettagliate nel presente manuale o per guasti dovuti ad uso continuato a fini professionali.

# PORTUGUÊS

# GARANTIA

Para informações sobre a garantia, contactar o distribuidor Marantz local.

# **GUARDAR O RECIBO DE COMPRA**

O recibo é o registo permanente da compra que fez. Deve ser guardado num local seguro, para ser apresentado em questões relacionadas com o seguro ou para quando tiver de contactar a Marantz.

# IMPORTANTE

Quando procurar assisténcia técnica ao abrigo da garantia, é da responsabilidade do consumidor estabelecer a prova e data de compra. O recibe é prova adequada.

# **SVENSKA**

# GARANTI

För information om garantin, kontakta Marantz lokalagent.

# SPAR KVITTOT

Kvittot är ett inköpsbevis på en värdefull vara. Det skall förvaras säkert och hänvisas till vid försäkringsfall eller vidkorrespondens mod Marantz.

# VIKTIGT

Fö att garantin skall gälla är det kundens sak att framställa bevis och datum om köpet. Kvitto eller faktura är tillräokligt bevis fö detta.

# DANSK

# GARANTI

Henvend dem til Deres MARANTZ-forhandler angående inrformation om garantien.

# GEM DERES KVITTERING

Deres købskvittering er Deres varige bevis på et dyrt køb. Den bør gemmes godt og anvendes som bevis, hvis De vil tegne en forsikring, eller hvis De kommunikerer med Marantz.

# VIGTIGT

Det påhviler forbrugeren at skaffe bevis for købet og købsdatoen, hvis han eller hun ønsker garantiservice. Deres købskvittering eller faktura er et fuldgyldigt bevis herpå.

- English
  - The DV2400 is in conformity with the EMC directive and low-voltage directive.

# Français

- Le DV2400 est conforme à la directive EMC et à la directive sur les basses tensions. Deutsch CE
  - Das Modell DV2400 entspricht den EMC-Richtlinien und den Richtlinien für Niederspannungsgeräte.

# Nederlands

De DV2400 voldoet aan de EMC eisen en de vereisten voor laag-voltage.

# Español

- El DV2400 está de acuerdo con las normas EMC y las relacionadas con baja tensión. Italiano
- して Il DV2400 è conforme alle direttive CEE ed a quelle per i bassi voltaggi.

# Português

CE O DV2400 conforma com as diretrizes EMC e de baixa voltagem.

# Svenska E

- DV2400 är tillverkad i enlighet med EMC direktiven och direktiven för lågvoltsutrusning. Dansk
- しヒ Model DV2400 er i overensstemmelse med EMC-direktiveet og direktivet om lavspænding.

# ENGLISH:

CAUTION -USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCE-DURES OTHER THAN THOSE SPECIFIED HEREIN MAY RESULT IN HAZARD-OUS RADIATION EXPOSURE.

FINNISH:

- VAROITUS! Laitteen käyttäminen muulla kuin tässä käyttöohieessa mainitulla tavalla saattaa altistaa käyttäjän turvallisuusluokan 1 ylittävuälle näkymättömälle lasersäteilylle.
- SWEDISH:
- VARNING! Om apparaten används påannat sätt än vad som beskrivs 1 denna bruksanvisning kan användaren utsättas för osynlig laserstrålning som overskrider gränsen för laserklass 1.

# WARNINGS FOR LASER RADIATION

- CAUTION : INVISIBLE LASER RADIATION WHEN OPEN. DO NOT STARE INTO BEAM.
- DANGER : INVISIBLE LASER RADIATION WHEN OPEN. AVOID DIRECT EXPOSURE TO BEAM.
- VARO! : AVATTAESSA JA SUOJALUKITUS OHITETTAESSA OLET ALTTIINANAKYMÄTTÖMÄALLE LASERSÄTEILYLLE. ÄLÄ KATSO SÄTEESEEN.
- VARNING! : OSYNLIG LASERSTRÅLNING NÄR DENNA DEL ÄR ÖPPNAD OCH SPÄRREN ÄR URKOPPLAD. BETRAKTA EJ STRALEN.

# English

# WARNINGS

- Do not expose the equipment to rain or moisture. - Do not remove the cover from the equipment.
- Do not insert anything into the equipment through the ventilation holes.
- Do not handle the mains lead with wet hands.
- Do not cover the ventilation with any items such as tablecloths, newspapers, curtains, etc.
- No naked flame sources, such as lighted candles, should be placed on the equipment.
- When disposing of used batteries, please comply with governmental regulations or environmental public instruction's rules that apply in your country or area.
- Do not place anything about 1 meter above the top panel.
- Make a space of about 0.2 meter around the unit.

# Français

# **AVERTISSEMENTS**

- Ne pas exposer l'appareil à la pluie ni à l'humidité.
- Ne pas essayer de retirer le boîtier de l'appareil.
- Ne rien insérer dans l'appareil par les orifices de ventilation
- Ne pas manipuler le cordon d'alimentation avec les mains mouillées.
- Ne pas recouvrir les ouïes de ventilation avec un objet quelconque comme une nappe, un journal, un rideau, etc.
- Ne placer aucune source de flamme nue, comme une bougie allumée, sur l'appareil.
- Pour mettre au rebut les piles usées, respecter les lois gouvernementales ou les règlements officiels concernant l'environnement qui s'appliquent à votre pays ou région.
- Ne placer aucun objet à moins d'un mètre environ du panneau supérieur.
- Veiller à ce qu'aucun objet ne soit à moins de 0,2 mètre des côtés de l'appareil.

# Deutsch

# WARNHINWEISE

- Das Gerät nicht Regen oder Feuchtigkeit aussetzen.
- Die Abdeckung nicht vom Gerät abnehmen.
- Keine Gegenstände durch die Belüftungsschlitze stecken.
- Das Netzkabel nicht mit feuchten oder nassen Händen anfassen.
- Decken Sie die Lüftungsöffnungen nicht mit einem Tischtuch, einer Zeitung, einem Vorhang usw. ab.
- Es dürfen keine Gegenstände mit offener Flamme, wie etwa brennende Kerzen, auf dem Gerät aufgestellt werden.
- Beachten Sie bei der Entsorgung der verbrauchten Batterien alle geltenden lokalen und überregionalen Regelungen.
- Darauf achten, daß über dem Gerät ein Freiraum von mindestens 1 meter vorhanden ist.
- Auf allen Geräteseiten muß ein Zwischenraum von ungefähr 0,2 meter vorhanden sein.

# Nederlands

# WAARSCHUWINGEN - Stel het apparaat niet bloot aan regen of vocht.

- Verwijder de afdekplaat van het apparaat niet.
- Duw niets door de ventilatieopeningen in het apparaat.
- Raak het netsnoer niet met natte handen aan.
- Bedek de ventilatieopeningen niet met enige voorwerpen, zoals tafelkleden, kranten, gordijnen, enz.
- Plaats geen brandende voorwerpen, zoals kaarsen, op het apparaat.
- Volg bij het weggooien van verbruikte batterijen de overheidswetgeving of milieuvoorschriften op die van kracht zijn in het land of de regio waarin u zich bevindt.
- Zorg dat er tenminste 1 meter vrije ruimte boven het toestel is.
- Zorg dat er 0,2 meter vrije ruimte rond het toestel is

# Español

- No exponga el equipo a la lluvia ni a la humedad. - No extraiga la tapa del equipo.
- No introduzca nada en el interior del equipo a través de los orificios de ventilación.
- No maneje el cable de alimentación con las manos mojadas.
- No cubra la ventilación con objetos como manteles, periódicos, cortinas, etc.
- No deben colocarse sobre el equipo elementos con fuego, por ejemplo velas encendidas.
- Cuando se eliminen baterías usadas, deben cumplirse las reglamentaciones oficiales o las normas de protección medioambiental aplicables en su país o en su zona.
- No ponga nada a menos de 1 metro por encima del panel superior.
- Deje un espacio de unos 0,2 metro alrededor de la unidad.

# Italiano

# **AVVERTENZE**

- Non esporre l'apparecchio alla pioggia o all'umidità.
- Non rimuovere il coperchio dell'apparecchio.
- Non introdurre oggetti all'interno dell'apparecchio attraverso i fori di ventilazione.
- Non toccare il cavo di alimentazione con le mani bagnate.
- Non coprire le fessure di ventilazione con tovaglie, giornali, tende od oggetti analoghi.
- Non posare sull'apparecchio sorgenti di fiamme scoperte quali candele accese.
- Smaltire le pile usate in conformità alle norme governative o disposizioni ambientali vigenti nel proprio paese o zona.
- Non posare nulla per circa un metro sopra il pannello superiore.
- Lasciare 0,2 metro liberi tutto intorno l'unità.

# Português **ADVERTÊNCIAS**

- Não exponha o equipamento à chuva nem à humidade.
- Não retire a tampa do equipamento.
- Não atire nada para dentro do equipamento através dos orificíos de ventilação.
- Não manuseie o cabo de alimentação com as mãos molhadas.
- Não cobrir os orifícios de ventilação com objectos tais como toalhas de mesa, jornais, cortinas, etc.
- Não colocar chamas abertas tais como velas acesas, sobre o aparelho.
- Ao deitar foras as pilhas usadas, favor observar os regulamentos governamentais ou as regras com respeito ao meio ambiente que se aplicam no seu país ou área de residência.
- Deixar um espaco completamente livre de cerca de 1 metro acima do painel superior.
- Deixar um espaço de cerca de 0,2 metro ao redor do aparelho.

# Svenska

- VARNINGAR - Utsätt inte utrustningen för regn eller fukt.
- Ta inte bort utrustningens hölie.
- För inte in föremål i utrustningen genom ventilationshålen.
- Hantera inte nätsladden med våta händer.
- Täck inte för ventilationsöppningarna med några föremål som till exempel bordsdukar, dagstidningar, gardiner e.d.
- Inga föremål med öppen låga, som till exempel tända stearinljus, bör placeras på utrustningen.
- Föli de lagar och miliöskyddsråd som gäller i det land eller område där du bor när du gör dig av med batterier.
- Placera inte någonting närmare än 1 meter ovanför apparaten eller enheten.
- Se till att det finns omkring 0,2 meter fri plats runt omkring enheten.

# Dansk

# **ADVARSLER** - Udsæt ikke udstyret for regn eller fugt.

- Fjern ikke dækslet fra udstyret.
- Stik ikke noget ind i udstyret gennem ventilationshullerne
- Rør ikke ved netledningen med våde hænder.
- Tildæk ikke ventilationsåbningerne med ting som duge, aviser, gardiner og lignende.
- Kilder til åben ild, som for eksempel tændte sterarinlys, må ikke anbringes på apparatet.
- Når du skiller dig af med gamle batterier, bedes du gøre dette i overensstemmelse med de love, regler og miljømæssige forskrifter, som er gældende i dit land eller område.
- Anbring ikke noget nærmere end 1 m over apparatets overside,
- Sørg for, at der er et frit område på omkring 0,2 m omkring apparatet.

# Dolby Digital

The maximum 5.1 channels of audio used in the surround system (Surround Digital) for movie theaters is digital data compressed by the third generation algorithm encoder.

In order to enjoy Dolby Digital discs, this unit's digital output jack (either coaxial or optical) must be connected to the digital input jack of an AV amplifier or Dolby Digital decoder to enjoy the sound of Dolby Digital soundtracks.

# DTS

DTS stands for Digital Theater System. DTS is a surround system different from Dolby Digital that has become a popular surround sound format for movies. In order to enjoy the benefits of DTS encoded discs, the digital output jack (either coaxial or optical) of this player needs to be connected to an AV amplifier or receiver or to a DTS decoder to be able to enjoy the surround sound of DTS audio. DTS audio is not output from the analog audio outputs.

Manufactured under license from Dolby Laboratories. "Dolby" and the double-D symbol are trademarks of Dolby Laboratories.

"DTS" and "DTS Digital Out" are trademarks of Digital Theater Systems, Inc.

This section must be read before any connection is made to the mains supply.

# **EQUIPMENT MAINS WORKING SETTING**

Your Marantz product has been prepared to comply with the household power and safety requirements that exist in your area. DV2400 can be powered by 230V AC only.

# COPYRIGHT

Recording and playback of any material may require consent. For further information refer to the following:

- Copyright Act 1956
- Dramatic and Musical Performers Act 1958
- Performers Protection Acts 1963 and 1972
- any subsequent statutory enactments and orders

# **FEATURES**

  - 10-bit/27 MHz Video DAC
  - 24-bit/192 KHz Audio DAC

# ABOUT DISCS

PLAYABLE DISCS

\* Finalize is the process to make a DVD-R/DVD-RW or CD-R/CD-RW playable for players (not recorders)

\* Some discs may not be able to be played depending on condition of the discs.

# NOT PLAYABLE DISCS

- DVD discs whose region number is not "2" nor
- "ALL". • DVD-ROM
- DVD-RAM
- DVD-Audio
- CD-ROM
- CDV
- CD-G
- CVD
- Super Audio CD
  CD Photo, etc.
- Caution
- Some copy-controlled CDs may not conform to offticial CD standards. They are special discs and may not play on the DV2400.

# **VIDEO FORMAT**

This player can handle with MULTI, NTSC or PAL format.

# Caution

This player cannot handle with NTSC4.43 and SECAM formats.

# Setting picture format

1. Every time the **PAL/NTSC** button is pressed, picture format changes in the following order.

► PAL → NTSC → MULTI ¬

# Caution

- If wrong color or disordered picture appears in the MULTI mode, switch the mode to NTSC or PAL.
- If a disc recorded in PAL(NTSC) is played in the NTSC(PAL) mode, picture may be disordered.
- This player does not support the progressive video output.

# ABOUT DVD DISCS

# Marks on packages

The marks listed below indicate contents in a disc.

<b>@</b> ))	Indicates the number of recorded audio tracks.
2	Indicates the number of recorded subtitle languages.
	Indicates the number of recorded angles.
16:9 LB	Indicates the selectable aspect ratios.
	Indicates the region number of the disc.

# Regional restriction codes (region number)

Regional restriction codes are built in to DV2400 player and DVD discs for each sales region. If the regional code of the DV2400 player does not match one of the regional codes of the DVD disc, playback is not possible.

The region number can be found on the rear panel of the DV2400 player. The illustration below shows the regions and corresponding region numbers.

# Structure of DVD discs

Depending on the material on the disc (a movie, video clips, a drama series, etc.), these discs may have one or more Titles, and each Title may have one or more Chapters. To make access easy and convenient, your player lets you move between Titles and between Chapters.

# **ABOUT VIDEO CDS**

# Variations of Video CD

 Video-CD Version 2.0 The Video-CD with PBC (Play Back Control : Menu playback function) function. You can choose or search a section to play with a menu displayed on the TV screen. Also still pictures can be displayed in higher quality.

# • Video-CD Version 1.1

The video-CD without PBC function. It can play video and audio by operation much like to the ordinal audio-CD.

# Structure of Video-CD discs

Depending on the material on the disc (a movie, video clips, a drama series, etc.), these discs may have one or more tracks, and tracks may have one or more indexes, as indicated on the disc case. To make access easy and convenient, your player lets you move between tracks and between indexes.

# ABOUT AUDIO CD

# Structure of Audio CD

Audio CDs contain music tracks only. You can play them in conventional style through a stereo system, using the keys on the remote control and/or front panel.

ENGLISH

# **ABOUT MP3/WMA**

MP3 is the compressed music file in MPEG1, Audio Layer 3 format.

An WMA(Windows Media Audio) file is a Microsoft audio compression technology. WMA offers double the audio compression of the MP3 format.

Microsoft, Windows Media, and the Windows Logo are trademarks or registered trademarks of Microsoft Corporation in both the United States and other countries.

# ADDITIONAL INFORMATION

The glossy side shining like a rainbow is the front side of the disc, and the side on which the label is printed is the back.

Unlike conventional turntables for playing analog discs, the DV2400 reads the information recorded on the disc from underneath without contacting it using a beam of laser light. Therefore, the performance of a compact disc will not degrade like conventional analog records.

# Handle discs carefully so as not to damage or scratch the front side.

# To protect the disc, avoid placing it in the following locations:

- In direct sunlight or near a source of heat like a heater.
- In a place which is damp or dirty.
- In a place which could be exposed to rain, such as near a window.

# Always keep the disc surface clean.

Up to six billion data units are recorded on the front side of the disc. When cleaning the disc surface, always be sure to use a special compact disc cleaner and wipe as shown below.

 Do not use conventional record cleaner for analog records, as this will adversely affect the disc surface.

Store discs properly by placing them in their disc cases.

 Do not attach a piece of paper or sticker on the label side of disc. When a disc has a piece of plastic tape or rental DVD/CD label with paste protruded from the edge or when a disc has a trace of such a sticky object, do not attempt to play the disc. If such a disc is played on the DVD player, impossibility of taking out the disc or other malfunction may result.

Do not use a disc with a special shape.
 Do not attempt to play a disc with a special shape such as a heart-shaped disc or octagonal disc. Otherwise the equipment malfunction may result.

# CONTROLS ON THE MAIN UNIT

# Front panel

# 1 **じ POWER ON/STANDBY** button

- Press to switch the power ON, and press again to switch to STANDBY mode.
- When the power is left on, the DV2400 automatically turns off if no operations are performed for seven minutes. The power does not turn off, however, when connected to the SR2400 in a system configuration.

• Press for random play to play the tracks in a random sequence. (VCD/CD/MP3/WMA/JPEG)

# **25 PROGRAM button**

 Press this button to program tracks for program play. (VCD/CD)

# **26 CLEAR button**

· Press this button to cancel a programmed track. (VCD/CD)

# **OPERATION OF REMOTE CONTROL UNIT**

# 1. Remote control

The distance between the transmitter of the remote control unit and the IR SENSOR of the DV2400 should be less than about 5 meters. If the transmitter is pointed to a direction other than the IR SENSOR or if there is an obstacle between them, remote control may not be possible.

# Remote-controllable range

# 2. Loading batteries

The life of the batteries used with the remote control unit is about 4 months with normal use. Also be sure to replace batteries earlier when you notice that they are getting weak.

2. Insert the new batteries (AAA type) with correct (+) and (-) polarity.

Close until it clicks.

# Note:

3

- Incorrect use of batteries can result in hazards such as leakage and bursting. Please observe the following:
  - Don't mix new and old batteries together. · Don't use different kinds of battery together-although they may look similar,
  - different batteries may have different voltages. Make sure that the plus and minus ends of
  - each battery match the indications in the battery compartment.

• Remove batteries from equipment that isn't going to be used for a month or more.

When disposing of used batteries, please comply with governmental regulations or environmental public instruction's rules that apply in your country or area.

# CONNECTIONS

First of all, read through the instructions before connecting other equipment. Make sure that this unit and other equipment to be connected are set to the standby mode or off, and disconnect the AC mains before starting connection. In order for air to circulate freely, please do not block ventilation holes of any of the equipment. Select the appropriate screen size at the initial setting according to your TV set, conventional 4:3 or wide screen 16:9.

# - Relation of video output and the setup menu -

Setup I	Menu / Video	Video Output			RGB SW	
Progressive	Video Output	Video Jack	S-Video Jack	Component Jack	AV EUROCONNECTOR Jack	-
OFF	Component	Composite	-	Interlace mode (480i)	Composite	-
ON	Component	-	-	Progressive mode (480p)	-	-
OFF	S-Video	Composite	S-Video	-	Composite	-
OFF	RGB	Composite	-	-	Composite / RGB	Active

# Note:

- If you select "RGB" in Setup menu, your TV can be selected RGB input automatically.
- Do not connect your DVD-player via your VCR, because the video quality could be distorted by the copy protected system.

# PRECAUTIONS CONCERNING CONNECTIONS

- Use only a 230V AC power source. Using any other power source could cause a fire or electric shock.
- $\ensuremath{\cdot}$  Always grasp the power plug when unplugging or plugging in the power cord.
- Complete all connections before plugging in the power cord.
- Be sure to make a distinction between the left (white) and right (red) audio cable plugs when connecting them.
- When connecting this unit to other audio equipment, read the operation manual for that equipment carefully for details on how to make the correct connections.

# COMPONENT VIDEO OUT CONNECTION (480I/480P)

Note:

- If your TV has progressive (480p) video input, from the SETUP menu display, set the video output mode to component and press DISPLAY button to set the progressive mode to ON.
- If your TV has interlace (480i) video input, from the SETUP menu display, set the video output mode to component and press DISPLAY button to set the progressive mode to OFF.
- All HD TV are compatible with this player but some TV may cause artifacts in the picture.
- If you set progressive mode to ON [progressive scan mode], you can't see the picture with your Analog TV or some digital TV. In this case, press DISPLAY button of your remote controller then you can see the picture on the interlace mode with your TV.

# Image: construction of the construc

• From the SETUP menu display, set the Output mode to RGB, if your TV has RGB video input.

appropriate mode for your TV ( Please refer to your TV's operator manual).

# **BASIC OPERATIONS**

For operations for specific disc types, the disc type

# marks (DVD VCD SVCD CD MP3 WMA JPEG ) are shown beside the operations.

If no mark is shown, the operation is for all disc types. The menu screen that appears on the TV can be shown in any of the languages available under SYSTEM setup - OSD LANGUAGE (English, French, Spanish, German, Italian or Dutch). English is used in this explanation.

# PREPARATION DVD VCD SVCD MP3 WMA UPEG

- **1.** Turn on power of TV.
- 2. Set the input source of the TV to the player.

# PLAYING A DISC

1. Press the POWER ON/STANDBY button on the main unit or the STANDBY/ON button on the remote to turn the power ON. • The display will be like below.

2. Insert a disc in the disc slot of the front panel, label side up.

**DVD** For DVD, once a disc is loaded, it is played automatically. In stop mode, press ► (PLAY) button to start the play. FL Display will be like below. If DVD menu is displayed on the TV screen, see "DVD menu" page (IIS p9).

Pressing the DISPLAY button during DVD playback displays direct playback information (title, chapter and time) on the display.

Using the cursor buttons, select a direct playback item. Then, directly select a title, chapter or time position to play back with the numeric buttons.

**VCD** For VCD, when a disc is loaded. PBC function is ON at first.

PBC ON

3. Press the ► (PLAY) button to start the play.

- **VCD** For VCD playback, FL Display will be like below.
  - For details on VCD playback and setting the PBC function, see "Playing VCD disc with PBC function" (IPP p9).

SVCD For SVCD playback, FL Display will be like below.

CD For Audio CD playback, FL Display will be like below.

# MP3 WMA JPEG

With MP3, WMA or JPEG discs, playback does not start when the ► (PLAY) button is pressed.

For the procedure for playing back MP3 and WMA discs, see "Playing MP3/WMA" (IF p9). For the procedure for playing back JPEG discs, see "Viewing JPEG" (pp p10).

# TO PAUSE PLAYING

- 1. Press the II (PAUSE) button. To resume playing, press the ► (PLAY) button.
  - 0:08:46 7

# TO STOP PLAYING

1. Press the ■ (STOP) button.

# DVD **Resume Function**

The player can memorize the position where the playback is stopped for DVD disc. With this function, playback can be started from the position where the playback was stopped.

• When ■ (STOP) button is pressed, FL Display will be like below.

# RESUME

• When ► (PLAY) button is pressed, playback is resumed at the stopped position.

# Note:

You can change the DVD disc while the player is waiting to resume playback with the current disc. This resume function can memorize the resume position for a maximum 5 discs. When a disc that had been stopped halfway through and unloaded from the player is reloaded into the player, the message below appears on the front display.

If the ► (PLAY) button is pressed while "LAST SCN" appears on the display, playback resumes from the point where it left off the last time.

# **Deactivate Resume Function**

· After stopping playback (Resume status displayed), press ■ (STOP) button again to deactivate the resume function.

# STOP

- Press ► (PLAY) button to start playback from the beginning.
- VCD When PBC function is ON, FL Display is like below in stop mode.

When PBC function is OFF, FL Display is like below in stop mode.

CD For Audio CD discs, FL Display is like below in stop mode.

# MP3 WMA JPEG

CD

For Audio MP3/WMA/JPEG discs, FL Display is like below in stop mode.

NGL

# DIRECT SEARCH

In stop mode, you can choose a chapter(track) directly by pressing a numeric button on the remote.

1. In DVD mode, after pressing the **DISPLAY** button, you can select a chapter number directly by pressing a numeric buttons (0 to 9) on the remote control. In the VCD, SVCD, CD or MP3 mode, specify

the track number using the **numeric** buttons (0 to 9) on the remote control.

- Chapter 3 : Press numeric button "3".
- Track 12 : Press numeric button "1" and then numeric button "2" within two seconds.
- 2. After selecting a chapter(track), press the ENTER button on the remote to play the chapter(track).

# SKIP PLAY

- 1. While playing, press I d button or ►►I button to skip to the previous or next chapter (track). • Every time ►► button is pressed, the player
  - skips to the next chapter (track). • If I button is pressed once, the player skips to the beginning of the current chapter(track). If the button is pressed more than 2 times, the player skips to the previous chapter(track) every time the button is pressed.

# SEARCH PLAYING

# Caution

- This function cannot be used for JPEG files.
- 1. While playing, press ◄ button or ▶ button on the remote for fast rewind or fast forward play. • Every time ◀ button or ▶ button on the remote is pressed, playing speed changes as shown below.

CD MP3 ► 2X - 4X -₩MA - 16X - 8X -

2. Press ► (PLAY) button to return to normal play.

# DVD MENU DVD

Most of DVD discs have their own menu screen (DVD menu). In this menu, you can choose a chapter, audio language, subtitle, etc.

- 1. Insert a DVD disc. The menu will be displayed on TV. If menu is not displayed, press MENU button on the remote.
- 2. Press Cursor button to select a chapter (menu item).
- 3. Press ENTER button to confirm the item. • If a chapter is selected, the chapter is played
  - automatically. · If an audio language or subtitle is selected,
  - press ► (PLAY) button to start playback from the beginning.
  - Press MENU button to return to the previous menu.

# PLAYING VCD DISCS WITH PBC FUNCTION VCD

When a disc is loaded, PBC function is ON at first.

PBC ON

# Setting PBC function

You can select PBC function On or Off. When PBC function is Off, you can play VCD discs without displaying menu, like an Audio CD. When PBC function is On, you can play VCD discs with displaying menu.

1. Press TOP MENU button on the remote to select PBC function On or Off while in play or stop mode.

# For VCD playback in PBC ON

- 1. Press the ► (PLAY) button to start the play. · The menu is displayed automatically at first. • While playing, press **RETURN** button to display menu screen.
  - To playback a specific track, select it with the numeric buttons and press the ENTER

button.

- For VCD playback in PBC OFF 1. Press the ► (PLAY) button to start the play.
  - Press a numeric buttons (0 to 9) on the remote to select a track. The track will be played.

# PLAYING MP3/WMA MP3 WMA

If discs in MP3/WMA format is loaded, menu screen is displayed on TV automatically. This menu shows folder and file (track) names that are given with a PC, etc.

- Folder and file names are shown up to 10 characters. ID3 tag information is not shown.
- Characters except "A-Z", "0-9", "\_" are not displayed correctly.
- Do not use special letters such as "/:\*? " <> " etc.
- · The order shown in the menu may not be the same to the order shown in a PC.

This player can play MP3/WMA discs recorded

• The player plays the files with ".mp3/.WMA"

ARTIST : ABC TITLE : abc		

 When a WMA disc with a recorded artist or title is played back, the artist's name or title is displayed at the bottom of the menu screen. (Max. 32 characters) However, the information is displayed only when English is the selected on-screen display language. The area remains blank when other languages are selected.

# Cautions on Discs in MP3/WMA Format.

• This player can handle with the multi-session. If there are many sessions, it may take much time to start playing. To record MP3/WMA discs, make the number of sessions as few as possible.

• A single session disc requires MP3/WMA files in the first track. If there is no MP3/WMA file in the 1st track, it cannot playback MP3/WMA files. If you wish to playback MP3/WMA files, format all the data in the disc or use a new one.

- Sampling frequency:
- 32, 44.1, 48 kHz (MP3) 44, 48 kHz (WMA)
- Bit rate:

NGL

56-256 kbps (MP3) 64-192 kbps (WMA)

- Total number of files on the disc should be less than 650.
- · Customers should also note that permission is required in order to download MP3/WMA files and music from the Internet. Our company has no right to grant such permission. Permission should always be sought from the copyright owner.
- · If you record a disc using a personal computer, even if it is recorded in a compatible format, there are cases in which it may not play because of the settings of the application software used to create the disc. (Check with the software publisher for more detailed information.)
- Some CD-R/RW discs cannot be played back on this player.

# VIEWING JPEG

This player can play discs with JPEG(picture) files. JPEG images can be displayed up to a max. 2048 x 1636 pixel.

- 1. When a disc is loaded, menu screen is displayed on TV. If menu is not displayed, press TOP MENU button on the remote.
- 2. Choose a file by pressing a Cursor button.

# Note:

your TV for details.

Some disc will not allow you to change the aspect ratio.

# ΤΥ ΤΥΡΕ

Set up TV type according to type supported by your TV or monitor. When you select MULTI, the output video type is dependent on the disc loaded. If the recorded video type is PAL then it outputs PAL. If NTSC then NTSC.

- 1. Press SETUP button to display the main menu.
- 2. With Cursor buttons, select "VIDEO".
- 3. With **Cursor**(▲ / ▼) buttons, select "TV TYPE".
- 4. Press ENTER button, select the picture format.You can select from MULTI, NTSC, PAL.

Disc Format	Position of TV Type		
	MULTI	NTSC	PAL
NTSC	NTSC	NTSC	PAL
PAL	PAL	NTSC	PAL

5. Press SETUP button to confirm it and to exit from the setup menu.

# VIDEO OUTPUT

- 1. Press SETUP button to display the main menu.
- 2. With Cursor buttons, select "VIDEO".
- With Cursor(▲ / ▼) buttons, select "VIDEO OUTPUT".
- 4. Press ENTER button, select how video signal is output.
  - You can select from S-VIDEO, COMPO-NENT, RGB.
  - If you want to see the picture in S-VIDEO, choose S-VIDEO and connect to the TV set using S-VIDEO cable. Set to COMPONENT to view in component video via Y, CB/PB, CR/ PR connect. When using AV Euroconnector RGB signal, set the VIDEO OUTPUT to RGB. Refer to the table of page 6 to confirm the relation of video output and the setup menu.
- Press SETUP button to confirm it and to exit from the setup menu.

# PICTURE MODE

To set how still-picture is displayed while pausing.
With certain DVD disc, the playback picture is flickering or Dot Crawl is shown on straight lines. That means Vertical interpolation or Deinterlace is not perfectly matched with DVD disc. In that case, the picture quality can be improved with changing picture mode.

- 1. Press SETUP button to display the main menu.
- With Cursor buttons, select "VIDEO".
   With Cursor(▲ / ▼) buttons, select "PICTURE
- MODE". 4. Press ENTER button, select how still-picture is
  - displayed. • You can select from AUTO, FILM, VIDEO,
  - SMART, SSMART. AUTO: The player automatically identifies
  - whether you are using a film source or video source and switches image processing accordingly.
  - FILM: Provides image processing suited for film sources.
  - VIDEO: Provides image processing suited for video sources.

SMART: The player automatically identifies sources other than film sources and video sources, and processes the image so that it comes out the best possible.

- SSMART: Adds motion compensation to the SMART mode.
- 5. Press **SETUP** button to confirm it and to exit from the setup menu.

# Note:

This function works only when Progressive is ON.

# Progressive ON/OFF

When you connected the COMPONENT VIDEO OUT to a progressive scan TV, you can turn Progressive ON/OFF. Before turning it ON/OFF, display the SETUP MENU and check that VIDEO OUTPUT is set to "COMPONENT".

# Note:

- Do not turn Progressive ON if the TV connected to the player does not support Progressive input.
- Press SETUP button to display the main menu.
   Press the DISPLAY button to turn the progressive on or off.

# Note:

- If you connect TV or monitor, that is not compatible with progressive scan signal and choose "ON" of the progressive scan setting, you will not be able to see any picture at all.
- If you want to see the picture in S-VIDEO, choose S-VIDEO and connect to the TV set using S-VIDEO cable. Set to COMPONENT to view in component video via Y, CB/PB, CR/PR connect. When using AV Euroconnector RGB signal, set the VIDEO OUTPUT to RGB. Refer to the table of page 6 to confirm the relation of video output and the progressive mode.

# **AUDIO SETUP**

IGLIS

# Setting Digital signal output.

To set how Digital signal (digital audio) is output depending on your digital equipment.

- 1. Press SETUP button to display the main menu.
- 2. With Cursor buttons, select "AUDIO".

VIDEO AUDIO	DISC SYSTEM		
DIGITAL OUT	BITSTREAM		
96K LPCM OUT	96K		
DOWNMIX	STEREO		
AUDIO DRC	OFF		
SET SPDIF

- 5. Enter "2580" with the **numeric** buttons on the remote.
- 6. Press ENTER button, reset to the default.All the settings are reset.

# **TROUBLE SHOOTING**

If you believe that a malfunction has occurred, first check the points listed below. The problem may have been caused by a simple operational error or a connection problem. If the problem is not solved even after carrying out the following checks, consult your dealer or nearest Marantz sales office or service center.

# The power does not come on.

Plug in the power plug to the socket completely.

# The disc fails to rotate.

- Set the disc the label side up.
- The disc may get dirty or scratched.
- Do not play warped discs.
- This player does not support 8 cm discs.

# No sound is output.

- Check the system connections again.
- Check the settings of the controls on the amp, such as the volume.

# No picture on TV.

- Check the connection with TV.
- Check the aspect ratio setting.
- · Check if TV's input source selector is set correctly.

# The remote control is not working.

• Check that the batteries of the remote control unit are not exhausted. If they are, replace them with two new batteries.

# Disc can not be played normally.

- Check the region code of the disc.
- Check the parental lock level.
- For fast forward and fast rewind play, picture may be disordered. It is normal.
- Do not connect the player and TV through VCR. Copy protection may work and noise may appear on picture.

# MAINTENANCE

Clean the DVD player with a soft, slightly dampened lint-free cloth. Do not use any cleaning agents as they may have a corrosive effect.

Do not expose the DVD player, batteries or discs to humidity, rain, sand or excessive heat (caused by heating equipment or direct sunlight).

If the DVD player cannot read discs correctly use a commonly available cleaning disc to clean the lens before taking the DVD player to be repaired. Other cleaning methods may destroy the lens. Always keep the tray closed to avoid dust on the lens.

The lenses may cloud over when the DVD player is suddenly moved from cold to warm surroundings. It is not possible to play a disc then. Leave the DVD player in a warm environment until the moisture evaporates.
