Stereo Receiver

In this feature-laden world of multi-channel sound, the SR4023 receiver is proof positive that Marantz hasn't forgotten its heritage of high quality stereo components. Here's a two-channel receiver that combines great sound with simple installation, extreme flexibility, and, most of all, the meticulous engineering that makes a Marantz a Marantz - and a remarkably affordable Marantz at that.

- Sophisticated new aluminum/reinforced resin front panel
- Simplified, non-intimidating operation
- High quality discrete amplifier
- Large EI core transformer
- Pre-out/Main-in terminals
- Speaker A/B switching
- Low-pass preamp level Subwoofer output
- MM Phono preamplifier
- Composite video switching with monitor and recording outputs
- RS-232C communications port
- IR flasher input
- Triple IR code set
- Front Key Lock
- Detachable AC cord
- Hand held remote controller
