

MA5200 integrated amplifier

- MA5200 delivers the full McIntosh audio experience in a sleek, compact size. Simply add your favorite speakers and audio sources to create a complete system.
- MA5200's 100 watts per channel is the perfect size for modestly sized listening spaces. The classic blue power level meters indicate the world famous McIntosh amplifier performance.
- The McIntosh Digital Engine will decode your digital music at up to 32 bits and 192kHz, delivering McIntosh analog sound quality.
- The MA5200's built in headphone amplifier is designed to power all headphone types, both in ear and over ear styles. Speaker outputs may be muted during headphone playback.

Maximum Value and Flexibility

55 lbs (24.9kg) in shipping carton

For the Consumer's Protection:

In order to ensure the highest level of customer satisfaction, "new" McIntosh products may only be purchased over-the-counter or delivered and installed by an Authorized McIntosh Dealer. McIntosh products that are purchased over the Internet, by phone or mail order are presumed to be "used" and do not qualify for any McIntosh Warranty. McIntosh does not warrant, in any way, products that are purchased from anyone who is not an Authorized Dealer or products that have had their serial number altered or defaced.

Companion Products

The McIntosh MCD301 SACD/CD Player, MR88 AM/FM/XM/HD Tuner and XR50 Loudspeakers are logical companions for the MA5200 Integrated Amplifier. Your authorized dealer can provide additional information.
