

4-CHANNEL REMOTE CONTROLLER

QBL-100

OPERATING INSTRUCTIONS

We are grateful for your choice of the Sansui QBL-100.

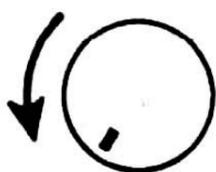

HOW TO CONNECT AND OPERATE QBL-100

1. First, adjust the 4-channel equipment to which you wish to connect the QBL-100.

Do three things:

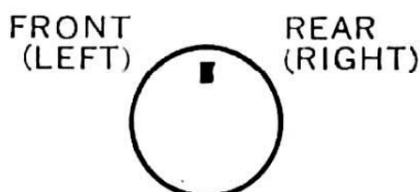

1) Reduce its volume to minimum

VOLUME

2) Return all balance control to center

BALANCE

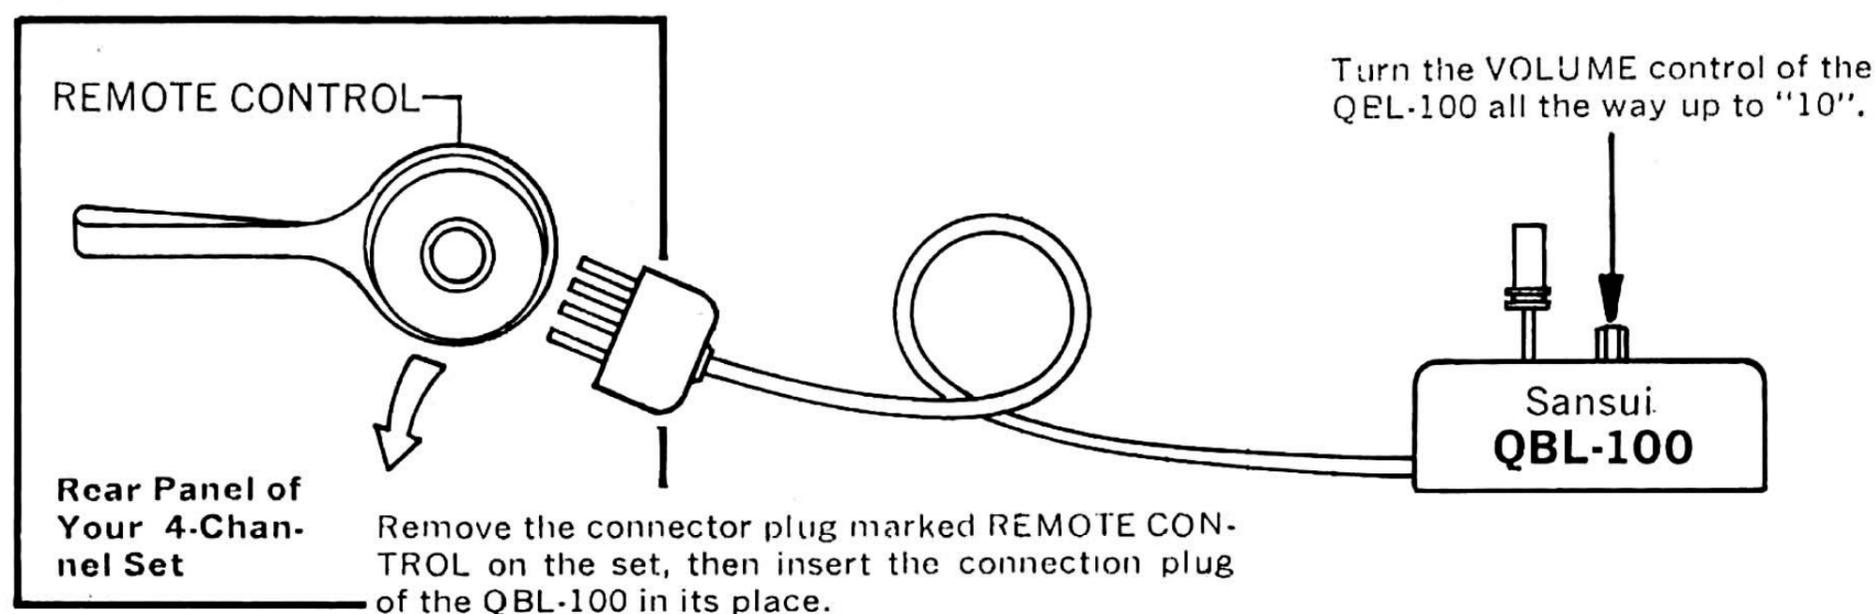

3) Shut off its power switch

POWER

2. Connect the QBL-100.

3. Turn on the power switch of the 4-channel set to which you have connect the QBL-100, then its volume control up to appropriate sound volume.

4. Play a 4-channel program source through the 4-channel set, and adjust the sound volume and 4-channel balance remotely by operating the QBL-100. (The QBL-100 works in the 2-channel stereo mode also.)

HOW TO DISCONNECT THE QBL-100

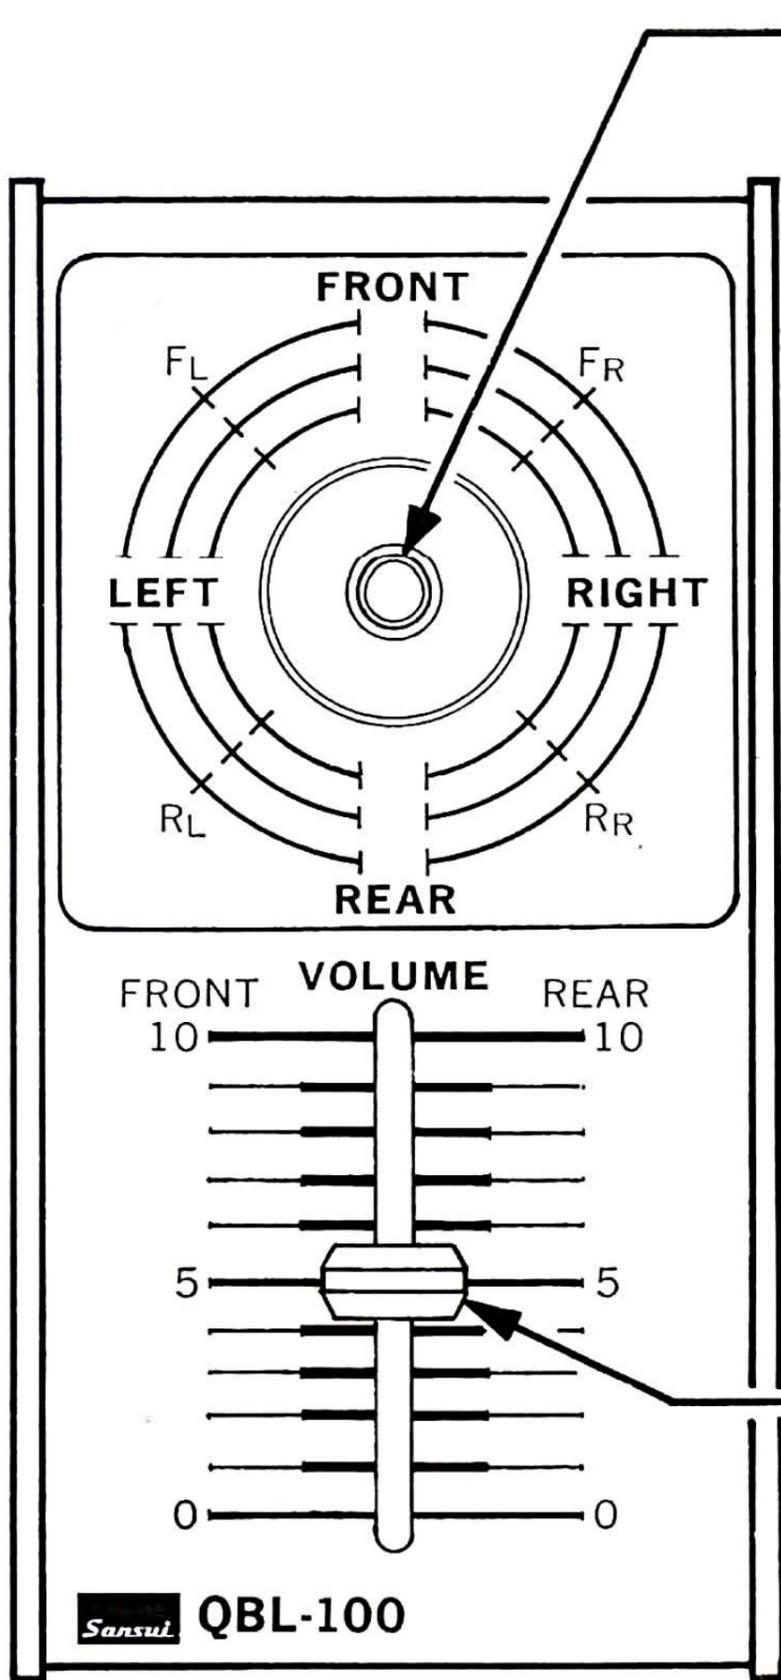

1. First, turn all the way down the volume control of the 4-channel set to which the QBL-100 is connected, then shut off its power switch.

2. Disconnect the connection plug of the QBL-100 from the rear of the 4-channel set, and insert the connector plug originally supplied with the set to fill the REMOTE CONTROL socket.

IMPORTANT: When connecting or disconnecting the QBL-100, please be sure to do two things beforehand with the 4-channel set to which it is connected: (1) Turn its volume control down to minimum; (2) Shut off its power switch.

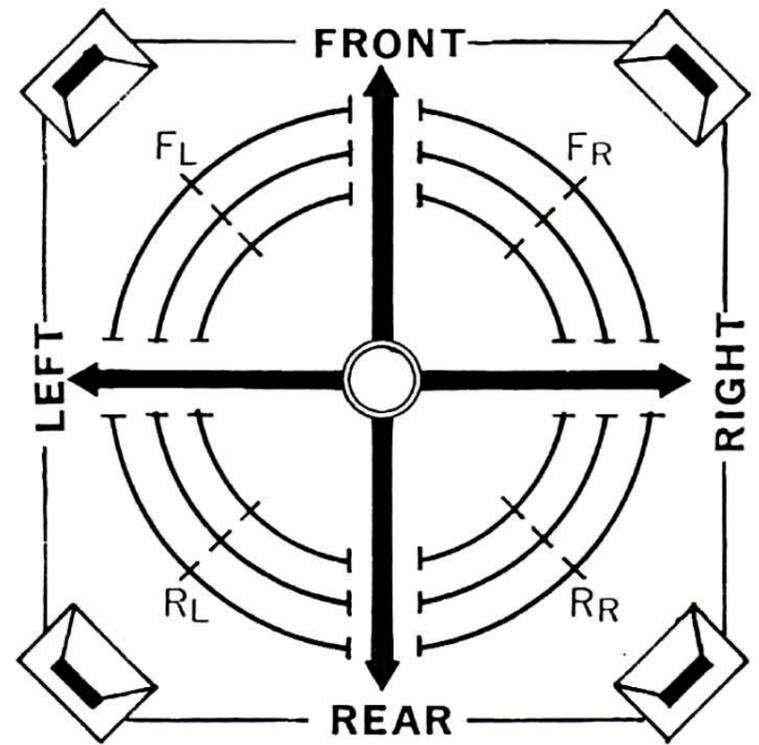

— See the back of this sheet for instructions about the operation of the QBL-100. —>

HOW TO OPERATE THE QBL-100

BALANCE

Use to balance the sound volumes from your four speakers for optimum 4-channel reproduction (or to adjust the left-right balance if you are only using your front speakers for stereo reproduction). Sound volume will increase in whichever direction you tilt the control stick.

VOLUME

Adjusts the overall sound volume. It will be the greatest when this control is turned to the position marked "10", provided that the volume control of the 4-channel set to which the QBL-100 is connected is turned up to maximum also.

*For after-sale servicing, contact the Sansui dealer from whom you purchased the QBL-100, or a Sansui Authorized Service Station nearest you.

*Design and specifications subject to change without notice for improvements.
